

B Focus Group Guide

The focus group follows a concise semi-structured format, prioritising key themes due to time constraints of 20 minutes. The discussion focuses on core aspects of the LLM-mediated interaction.

Opening

- What was your general experience of the discussion?

LLM Intervention

- Did the letter accurately reflect what was happening in your discussion?
- Did the mediator miss anything significant?
- In what way did the advice affect how you approached the rest of the discussion?

Cultural Dynamics

- Was it easy for you to understand how the others approached the task?
- Did you feel your cultural values influenced how you communicated with each other?

Study Design

- Was the task clear and natural to engage with?
- Did anything surprise you about how the task went?
- What would you change about the experience?
