

For the upcoming discussion task, please take the role of **Music Fan Representative**.

Your goal is to represent audience members who care most about the lineup and overall experience.

You **strongly prefer** this planning step:

- Book headline and supporting acts
 - *Example reasoning:* The lineup is what makes the festival exciting. Without strong artists, there is no real reason for people to attend.

You **strongly prefer NOT to** start with:

- Promote the festival and sell tickets
 - *Example reasoning:* Promoting the festival without confirmed headline acts risks disappointing expectations and reduces interest.

During the discussion, advocate for the planning steps that best support this perspective.

Available Planning Steps:

1. **Book headline and supporting acts** – secure performers who will attract an audience
2. **Secure the festival venue and stage setup** – arrange a location and basic infrastructure
3. **Promote the festival and sell tickets** – ensure awareness and generate attendance
